PUBLISHED TUESDAY AND FRIDAY MORNING.

CHAS. M. MEACHAM.

SUBSCRIPTION \$2 A YEAR IN ADVANCE.

Local reading notices 25 cents per line. Special notices 50 cents per line each insertion. Rates for advertising furnished on application.

Office 15 and 20 Ninth Street, over Post Office.

FRIDAY, - DECEMBER 26, 1890.

A merry Christmas to all our readers.

Col. C. M. Clay, Jr., began his canvass for Governor in this end of the state with a speech at Owensboro Monday.

Nearly all of Sitting Bull's followers have surrendered without further bloodshed, and the Indian war is about over.

Editor Bach, editor of the Pikeville Monitor, was killed by the accidental discharge of a pistol in a store at Jackson, last week.

The grip is raging as an epidemic in New Orleans and many deaths are occurring. The number of cases is estimated at 30,000 now under treatment.

The election in Kilkenny, Ireland upon which the future leadership of Parnell depended in a great measure, resulted in the defeat of Parnell's man, Scully, by 1200 votes.

Jas. G. Givens, a young lawyer, cut Archer Harman, a railroad contractor, in the neck with a pocket knife, at Louisville, Monday. The assault appears to have been unprovoked. Harman will recover.

Nothing would make a more appropriate Christmas gift to a friend than a receipt for a year's subscription to the KENTUCKIAN. It would be more than a hundred times a pleasant reminder of your friendship.

Idaho elected three Republican Senators the other day, Messrs. Shoup, McConnell and Dubois. The first two, for short terms, take their seats at once, and Dubois succeeds Shoup for the full term on March 4, 1891.

Nearly half the United States Senators permitted themselves to be worked during the last three weeks by a confidence man who mailed them bogus christening certificates of babies named for them. Senator Manderson finally caught up with the bold rascal whose name was Duvall.

The newspaper man's life is not a happy one and the conscientious editor is often called upon to publish matters whose mere appearance in print causes his motives, however pure and considerate, to be misunderstood and misjudged. Nothing is harder in journalism than to draw the line that separates public duty from private friendship.

The editor of the KENTUCKIAN, who will make her debut before the gaslights at Macaulay's Theater on January 8, is a young lady of rare beauty, and Mr. Walter Matthews, who is managing her affairs, thinks she has decided talent. She is as tall as Mary Anderson, being about 5 feet 8 inches, and her figure, though perhaps a slight, is more willowy, escaping that angularity which the critics harped on a good deal at one period in the career of the queen of tragedy. Miss Kerrigan has dark blue eyes, and clear cut features somewhat classic in their mold. The "Lady of Lyons" will be the opening play and on the following evening Miss Kerrigan will appear in "Pygmalion and Galatea." After her debut it is very probable she will make a short tour through Kentucky. She expects to star in earnest next season. -Louisville Post.

Masonic Notice.

Hopkinsville Lodge No. 37, A. F. and A. M. will meet Saturday night Dec. 27 at 7 o'clock for the election of officers for the ensuing year. Members are urged to attend. Visiting brethren fraternally invited to be present.

Thomas Rodman, W. M.

Why to S. I. C. C. C.

Physicians claim that pure Sour Mash Whisky taken in moderation is beneficial to one's health. Kentucky is noted for its pure Sour Mash Whisky and while there are quite a number of good brands on the market, the old Silas Jones Whisky, of which Lee Simon & Co., of Louisville, Ky., are the Sole Proprietors, is especially recommended for its medicinal qualities.

A GOOD THING!

To our friends and customers: We are pleased to inform you that we now have a sure cure for chills, which is perfectly sweet. It has no taste at all. It will cure any case of Chills. Quit taking the bitter Chills Tonic, and let us sell you a bottle of Rosary's Sweet Chills Cure! Price 25 cents. One bottle holds enough to cure two or three cases of Chills. Come and let us show it to you.

Your Friend,

ROSEMARY LEAVELL,

Hopkinsville, Ky.

"Go snowshoeing!" Yes, my dear madame, why not!—provided the heavens be propitious and furnish the snow and there is every prospect of plenty this winter. Snowshoeing is as easy as sliding down hill, after you know how, and you will know, and how to form a club, and what to wear, and all about it, after reading the breezy article on "Snowshoeing" in DEMOCRAT'S FAMILY MAGAZINE for January; and if you don't become enthusiastic about the subject, we are mistaken. Or if your tastes are artistic rather than athletic, you will be delighted with the excellent paper on "Modeling for Sculpture," with its numerous and beautiful illustrations, including a superb full-page portrait of the eminent American sculptor Hartley; and if you have never modeled in clay, the suggestion for amateurs and beginners will be of great assistance. "Sage Maidens of Cornell University" is another handsomely illustrated article, written by one of them, telling of some of the trials and many pleasures of the life of a "co-ed" at the noted seat of learning; the illustrated Chinese story is particularly interesting; the other stories are all good; the "Sanitarian" has reasonable articles about the "Effects of Cold," and how to take sitz, foot, and other baths, for medical purposes; "Chat" and "The World's Progress" are especially attractive; and all the other departments are brimful of good things. Indeed for beauty, variety, and completeness, DEMOCRAT'S FAMILY MAGAZINE must be awarded the palm of superiority as the Family Magazine and should be in every household. Published by W. JENNINGS DEMOCRAT, 15 East 14th Street, New York.

Its Excellent Qualities

Command to public approval the California liquid fruit remedy Syrup of Figs. It is pleasing to the eye, and to the taste and by gently acting on the kidneys, liver and bowels it cleanses the system effectually, thereby promoting the health and comfort of all who use it.

Paradoxical—Any fresh news from Brazil inquired the Horse editor.

How can the news from Brazil be fresh, returned the Snake Editor, when it has to come through thousands of miles of ocean cable! Jersey Blue.

W. C. Coup's Great Show on Wheels.

A Magnificent Museum Starts for a Trip through the South.

This enterprise has been in course of preparation for more than a year and is certainly the most novel and ingenious affair ever gotten up. It was built for Mr. Coup by New York and Chicago capitalists. It is a complete museum and in addition to innumerable groups of the finest historically arranged wax figures, the show contains interesting animal and aquarium exhibits. The Sea Horse, Octopus or devil fish, Temple Stone from King Solomon's Temple, Vesuvius, Mount Blanc, Cliff Dwellers, Aztecs, C. D. Hicks, the oulified man; this wonderful creature, who is fast turning to stone, has a good appetite and is cheerful and contented. One cage contains the bird of paradise, the priest, nuns, archangels, and Chinese owls; and hundreds of birds of the most beautiful plumage. Another cage contains the Chimpanzee, the "Nigger Baby," the only monkey of its species in America. There is the Automaton that speaks and harangues the audience, the figure of dying Custer, the child that cries "Ma Ma," the old lady knitting as natural as alive and the magic lantern. Then there is the living talking dog, who says yes and no as plainly as a human being. There is a colony of Japanese as they appear in their own native village, illustrating their national industries. There is an Electric Orchestra, 60 feet long, made by Prof. Jones; it is in 6 sections, plays separately or together. Taken all together, it is a wonderful exhibition and is unlike anything ever seen. The whole is lighted by 600 colored electric lights, inside and outside.
